

# Xero for farming

Run your farming business  
with confidence and clarity

## The power of three

### Decisions are easier with data

You know better than anyone that farming can be a volatile profession, so it's vital that you have an up-to-date view of your whole business so you can build a clear strategy for the future.

Together Xero, Figured and PaySauce take care of financial and HR compliance requirements giving you peace of mind and helping to mitigate costly mistakes.

With access to the tools you need to better manage your farm, you can:

- keep numbers up to date and connect to your advisors
- get real-time insights into your business
- streamline manual bookkeeping tasks and data entry

- create detailed, long term financial plans and monthly budgets
- track financial impact of production activities
- create and share financial reports with stakeholders entry

- automate payroll compliance
- satisfy HR and regulatory requirements
- cut down admin with minimum wage top-ups

#### Cloud-based tools help you:

- stay connected to your whole farming team
- access information to make confident decisions
  - create a sustainable, profitable business
- access bank capital by illustrating a mitigated risk profile

# Xero

## Online accounting software

### Save time and collaborate with your team

Working together online means everyone is working from the same information. So you and your team don't have to waste time collating multiple spreadsheets or pieces of paper and receipts.

### Run the farm on the go

Keep track of business from anywhere with the Xero mobile app. You can send invoices, input receipts, and reconcile bank transactions from wherever you are.

### Keep track of business

Make decisions with confidence by seeing all of your business information in one place with the Xero dashboard. Customise financial reports, monitor spending and assets, and stay on top of cash flow.

### Real-time insights

Powerful reporting gives you an up-to-date view of your financial position. Connect with farming apps like Figured and PaySauce to get even greater insights into your business.

### Automate GST

Automate your GST returns and submit to Inland Revenue directly from Xero.

### Streamline document collection and data entry

Hubdoc captures your bills and receipts and turns them into accurately-coded Xero transactions, so you can spend more time running a better farming business.

# Figured

## Dairy, livestock and cropping

### Powerful budgeting and forecasting

Create farm budgets which align to farm production plans, maintain a record of your reforecasts and keep your budget up to date through real time data integration with Xero.

### Real-time reporting

Produce detailed financial, production, management and year-end reports. Users can add comments to reports, export as a PDF or share directly from Figured, so everyone in the farming team can stay up-to-date with the farm's performance.

### Production tracking

Record production down to a herd, field, or crop-type level. Production quantities automatically sync with the financial plan so you can see how a particular month's production impacts the farm's bottom line.

### Connect with your advisors

Figured offers an easier way to work with your accountant, farm consultant and bank to produce up-to-date management information and keep everyone on the same page.

# PaySauce

## The agri payroll provider

### End-to-end pay run

PaySauce takes care of payroll, calculating wages, PAYE, KiwiSaver, holiday pay and any extra obligations, paying your team and the tax man, sending out payslips and reports, and filing with IRD.

### Cloud-based compliance

You're always on the go, so PaySauce has an app for your smartphone, tablet and computer. Your team can use their mobiles to fill in digital timesheets, access payslips and request leave. Then you can review, manage and sort pay runs wherever you are.

### In the right field

PaySauce is built with and for farming employers. That means the features are developed in direct response to the needs of your business, like minimum wage top-ups for seasonal staff and digital Federated Farmers Contracts.

### Support superheroes

When you contact PaySauce support, you'll reach somebody who understands your payroll. Accommodation allowances, banking lieu hours and rent deductions - all taken care of.

### Ask your accountant how to get started
